DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art, Tucker et al, teaches an extruded body, a plurality of inserting plates and a plurality of screws; however, the prior art fails to teach "a plurality of U-shaped connecting brackets having a crossbar portion and two leg portions that have thickness equal to a height difference between a top said upper channel and a top of said side channel, and a plurality of internally threaded through holes provided on said connecting bracket at predetermined positions;" and the combination of the "a plurality of inserting blocks having a predetermined cross section, and being provided at a predetermined position with an internally threaded through hole; plurality washers having a central hole; and a plurality of knob-head bolts adapted to sequentially thread through said central hole of said washer and said threaded through hole of said inserting block".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
